

§ 3550.68

7 CFR Ch. XXXV (1-1-06 Edition)

(c) Ten years for loans not exceeding \$2,500.

(d) Thirty years for manufactured homes.

§ 3550.68 Payment subsidies.

RHS administers two types of payment subsidies: payment assistance and interest credit. Payment subsidies are subject to recapture when the borrower transfers title or ceases to occupy the property.

(a) *Eligibility for payment subsidy.* (1) Applicants or borrowers who receive loans on program terms are eligible to receive payment subsidy if they personally occupy the property and have adjusted income at or below the applicable moderate-income limit.

(2) Borrowers with loans approved before August 1, 1968, are not eligible for payment assistance, even if they assumed the loan after that date.

(3) Payment assistance may be granted for initial loans or subsequent loans made in conjunction with an assumption only if the term of the loan is at least 25 years or more.

(4) Payment assistance may be granted for subsequent loan not made in conjunction with an assumption if the initial loan was for a term of 25 years or more.

(b) *Determining type of payment subsidy.* A borrower currently receiving interest credit will continue to receive it for the initial loan and for any subsequent loan for as long as the borrower is eligible for and remains on interest credit. A borrower who has never received interest credit, or who has stopped receiving interest credit and at a later date again qualifies for a payment subsidy, will receive payment assistance.

(c) *Calculation of payment assistance.* The amount of payment assistance granted is the difference between the installment due on the promissory note and the greater of the payment amortized at the equivalent interest rate or the payment calculated based on the required floor payment. In leveraging situations, the equivalent interest rate will be used.

(1) The floor payment is a minimum percentage of adjusted income that the borrower must pay for PITI:

(i) Very low-income borrowers must pay a minimum of 22 percent of adjusted income;

(ii) Low-income borrowers with adjusted income below 65 percent of area adjusted median income must pay a minimum of 24 percent of adjusted income; and

(iii) Low-income borrowers with adjusted incomes between 65 and 80 percent of area adjusted median income must pay a minimum of 26 percent of adjusted income.

(2) The equivalent interest rate is determined by a comparison of the borrower's adjusted income to the adjusted median income for the area in which the security property is located. The following chart is used to determine the equivalent interest rate paid by applicants eligible for payment assistance.

(d) *Calculation of interest credit.* The amount of interest credit granted is the difference between the sum of the annual installments due at the promissory note interest rate and the greater of:

(1) Twenty percent of the borrower's adjusted income less the cost of real estate taxes and insurance; or

(2) The amount the borrower would pay if the loan were amortized at an interest rate of one percent.

(e) *Annual review.* The borrower's income will be reviewed annually to determine whether the borrower is eligible for continued payment subsidy. The

Rural Housing Service, USDA

§ 3550.70

borrower must notify RHS whenever an adult member of the household changes or obtains employment, there is a change in household composition, or if income increases by at least 10 percent so that RHS can determine whether a review of the borrowers circumstances is required.

§ 3550.69 Deferred mortgage payments.

For qualified borrowers, RHS may defer up to 25 percent of the monthly principal and interest payment at 1 percent for up to 15 years. This assistance may be granted only at initial loan closing and is reviewed annually. Deferred mortgage payments are subject to recapture when the borrower transfers title or ceases to occupy the property.

(a) *Eligibility.* In order to qualify for deferred mortgage payments, all of the following must be true:

(1) The applicants adjusted income at the time of initial loan approval does not exceed the applicable very low-income limits.

(2) The loan term is 38 years, or 30 years for a manufactured home.

(3) The applicant's payments for principal and interest, calculated at a one percent interest rate for the maximum allowable term, plus estimated costs for taxes and insurance exceeds:

(i) For applicants receiving payment assistance, 29 percent of the applicants repayment income by more than \$10 per month; or

(ii) For applicants receiving interest credit, 20 percent of adjusted income by more than \$10 per month.

(b) *Amount and terms.* (1) The amount of the mortgage payment to be deferred will be the difference between the applicants payment for principal and interest, calculated at one percent interest for the maximum allowable term, plus estimated costs for taxes and insurance and:

(i) For applicants receiving payment assistance, 29 percent of the applicants repayment income.

(ii) For applicants receiving interest credit, 20 percent of adjusted income.

(2) Deferred mortgage payment agreements will be effective for a 12-month period.

(3) Deferred mortgage assistance may be continued for up to 15 years after

loan closing. Once a borrower becomes ineligible for deferred mortgage assistance, the borrower can never again receive deferred mortgage assistance.

(c) *Annual review.* The borrower's income, taxes, and insurance will be reviewed annually to determine eligibility for continued deferred mortgage assistance. The borrower must notify RHS whenever an adult member of the household changes or obtains employment or if income increases by at least 10 percent so that RHS can determine whether a review of the borrower's circumstances is required.

§ 3550.70 Conditional commitments.

A conditional commitment is a determination by RHS that a dwelling offered for sale will be acceptable for purchase by a qualified RHS loan applicant if it is built or rehabilitated in accordance with RHS-approved plans, specifications, and regulations and priced within the lesser of the property's appraised value or the applicable maximum load limit. The conditional commitment does not reserve funds, does not guarantee funding, and does not ensure that an eligible loan applicant will be available to buy the dwelling.

(a) *Eligibility.* To be eligible to request a conditional commitment, the builder, dealer-contractor, or seller must:

(1) Have an adequate ownership interest in the property, as defined in § 3550.58, prior to the beginning of any planned construction;

(2) Have the experience and ability to complete any proposed work in a competent and professional manner;

(3) Have the legal capacity to enter into the required agreements;

(4) Be financially responsible and have the ability to finance or obtain financing for any proposed construction or rehabilitation; and

(5) Comply with the requirements of 7 CFR part 1901, subpart E and all applicable laws, regulations, and Executive Orders relating to equal opportunity. Anyone who receives 5 or more conditional commitments during a 12-month period must obtain RHS approval of an affirmative marketing plan.
